**WITH A DRAGON'S MAGIC, EVEN A MEMORY CAN BE DANGEROUS...**

Austin is an American grad student, on leave to mourn the death of his girlfriend, Rhi. Yet during a pilgrimage to her favorite place on the Welsh coast, he finds she may not be as dead as he thought. A pickpocket named Corinna claims to have stolen her memories. Rhi was a wizard from another world, she insists, and if Austin doesn't trust her, that world will perish in an apocalypse of dragons.

Austin rejects Corinna's story. Magic? Stolen memories? Dragons? Yet soon, a sinister figure begins stalking him. A glowing crystal speaks with a voice in his mind. When a creature too horrible to be natural attacks, snarling Austin's name through mangled mandibles, he must reexamine his grasp of reality, or die.

Corinna might be his only hope. Can he trust her, an admitted thief, when the voice from the crystal calls her a liar? Meanwhile, Austin's stalker creeps ever closer, murderous, implacable, and seeking a confrontation on which hinges Austin's life, Rhi's death, and the fate of two worlds.

*Memory of Dragons* imagines our fairy tale monsters are another world's criminal castoffs, and that magic can exist, if we can stomach the cost.

## About Michael G. Munz

---

An award-winning writer of speculative fiction, Michael G. Munz was born in Pennsylvania but moved to Washington State at the age of three. Unable to escape the state's gravity, he has spent most of his life there and studied writing at the University of Washington.

Michael developed his creative bug in college, writing and filming four exceedingly amateur films before setting his sights on becoming a novelist. Driving this goal is the desire to tell stories that give others the same pleasure as other writers have given to him. He enjoys writing tales that mix our reality with the futuristic or fantastic, and is the author of both the humorous fantasy *Zeus Is Dead* series, and the *New Aeneid Cycle* cyberpunk trilogy.

Michael has traveled to three continents and has an interest in Celtic and Classical mythology (and in taking creative liberties with same). He dwells in Seattle, where he continues his quest to write the most entertaining novel known to humankind and find time to play all the video games. He can be found online at [twitter.com/TheWriteMunz](https://twitter.com/TheWriteMunz) and at [michaelgmunz.com](http://michaelgmunz.com).
